15TH YEAR. NO. 191.

EAST LIVERPOOL, O., FRIDAY, JAN. 26, 1900.

TWO CENTS

THEY MUST COME OFF

Council Serves Notice on Street Railway

TO REMOVE THEIR TRACKS

From the River Road as They Have Become Tired of Having All the Road Taken Up With the Power House Tracks, something Must be Done.

Council at the meeting last night ordered the street railway company to get off the road at the power house, and there will now probably be some action taken toward improving the road at that place.

The question was brought up by Marshall who said: "I once more want to call the attention of council to the horrible condition of the river road at the power house. I know it has been up for discussion many times, but it is now in a dangerous condition, and the city should take some steps to see that the road is made at least passable. The street car company could very easily run their cars through the barn and get off the road at this point. They now occupy 33 feet of the road with the power house, and I think that is enough. I move they be instructed to move their tracks off the road."

The motion was seconded by McHenry, who said: "It is simply ridiculous that teamsters are compelled to drive over street car tracks and ties like they have to at the power house. The company occupy 33 feet of the road with the power house and take half of the remaining 27 feet with their tracks. Peach remarked that much the same condition existed at the Laughlin pottery, and he thought everybody should be looked after. Marshall got in the discussion again and said the people had stood the outrage for eight years and he thought it was time it should stop. The motion to make the company get off the road was put, and carried unanimously.

THE LAST SAD RITES.

Memorial Services Over the Remains of the Late Homer Gladden.

The memorial services at the Methodist Protestant parsonage, Sheridan avenue, last night, were profoundly impressive, tender and full of sympathy. There is little doubt that more people went away than were able to get into the house and a very large number remained outside to the end of the service and suffered the severity of the storm, which was raging. Outside the house every room was crowded and the beautiful casket was entirely covered with rare and fragrant flowers, the offering of the freshmen class of the high school of which deceased was a member.

Another beautiful floral offering was from the superintendent, faculty, seniors, juniors and sophomores of the high school. The King's Daughters of the Methodist Protestant church and Mrs. Johnson's Sunday-school class, of which he was a member, sent lovely designs, the latter being "The Broken Circle." There were, in addition to these, many individual offerings. Two

of the deceased's former Sabbath-school teachers were present from New Brighton and the entire Sunday-school class of young men from that town were present. There was a very large number of Rev. Gladden's former parishioners from New Brighton in attendance. The exercises began at 7:30 by a beautiful selection elegantly rendered by the Methodist Protestant choir, Miss Josie Burford presiding at the organ. Rev. O. F. Swift, of Beaver Falls, read appropriate Scripture selections and Mrs. Charles Risinger sang a lovely solo. Then Dr. Crawford prayed, and it seemed to uplift the vast assemblage. Dr. J. C. Taggart and Rev. Swift were the speakers. After this the mortal remains of the beloved young man were viewed by the sorrowing friends, an unusual feature being the lingering over the casket of so many of his young friends. They gathered in a circle about the remains and stayed for fully an hour and a half.

This morning at 5 o'clock the funeral party left on the eastbound train for Waynesburg, Pa., and after impressive services in the Methodist Protestant church of that town at high noon, where were gathered the relatives and friends of the "old home," he was at 1 o'clock this afternoon buried beside three brothers, gone before.

JIM SHARP

Is In the Clutches of the Law Once More--At His Old Tricks.

The irrepressible Jim Sharp is once more in the clutches of the law. He has been in the habit of raising a disturbance at the home at the lower end of Fourth, and the complaints became so numerous to the mayor that James had to be arrested. Of course Jim thinks he has been imposed upon, but he is known in police court and his hard luck stories don't go any more. Jim will either go to the works under the habitual criminal law or will be sent to the infirmary to spend the winter. He would be sent to the infirmary without a moment's hesitancy, only it is thought he is not worth the expense it would cost to send him there, and he would only come back here again when released.

PRESIDENT PEACH

Thinks the People Should Know That It Is the Fault of the Water Department.

President Peach asked Clerk Hanley last evening to explain to council how much money the city had expended in paying interest on water works bonds in the last two years. He said it was in the neighborhood of \$10,000 and he wanted to know how much longer it was going to continue. Marshall explained that it didn't make any difference what council thought about it that they had to pay the interest if the water department wanted them too. Peach said he thought that the tax payers should know that it was not the fault of the council that the interest fund was continually overdrawn.

A Successful Operation.

Word received today states that the operation performed on George Craven in a Pittsburgh hospital yesterday was very successful and he will recover. There have been no arrests yet, and it is probable that it will be dropped if Craven recovers.

—M. A. Adams returned to the city from Salineville last night after spending several days with friends there.

BASKET BALL.

The All-Star Met Their Waterloo Last Evening by a Score of 31 to 10.

The basket ball game at the Y. M. C. A. last evening between the All-Star team and the Allegheny team resulted in a victory for the latter club by a score of 31 to 10. The home team was weakened considerably by the absence of Chadwick and Watkins, but the visitors were the fastest the local boys have ever gone against.

WRIST BONE CRUSHED.

Thomas Bennett Injured at the Standard Pottery This Morning.

This morning, while at work at the Standard pottery, Thomas F. Bennett had his right hand caught between the head of a jigger and a drop down. The muscles of the right arm between the wrist and the elbow were cut and the wrist bone was broken.

Council Held One and Passed the Carnegie Ordinance This Afternoon.

Council met in special session this afternoon and passed the ordinance providing for \$3,000 per year to maintain the Carnegie library. \$100,000 NOT IN SIGHT.

Philadelphians Having Trouble In Keeping Fidelity to Republican National Committee.

PHILADELPHIA, Jan. 26.—An important conference, bearing on the national convention, was held at the mayor's office between Mayor Ashbridge, Henry Burk, president of the Citizens' Convention association; W. S. P. Shields, chairman of the executive committee, and Richard G. Oellers, chairman of the finance committee.

Mr. Burk informed the mayor that the movement for raising the \$100,000, pledged the national Republican committee, was not meeting with the desired success and he urged the mayor to appoint a committee of citizens to take the matter in charge.

Mayor Ashbridge said he would consider the situation. It is believed the mayor will request a number of prominent citizens to confer with him on the subject in a few days.

RUSKIN'S REMAINS INTERRED.

Placed in a Tomb Near Those of the Three Miss Seavers.

LONDON, Jan. 26.—The remains of John Ruskin, which were removed from Brantwood, were interred at Coniston amidst universal signs of sadness and with a ceremonial typically rural. The coffin was hidden beneath a mass of blooms, including a floral tribute from the queen. The body was laid in a grave lined with white tiles and close, according to Mr. Ruskin's desire, to the last resting place of the three Miss Seavers, to whom he had addressed his famous Brantwood letters. All parts of the country were represented at the graveside.

A memorial service in honor of Mr. Ruskin in Westminster Abbey was largely attended.

REV. SWIFT

Speaks Words of Praise For Madame Fry and Her Daughter.

Reverend Swift, former pastor of the Methodist Protestant church of East Liverpool, speaks in warm terms of praise of Madame Fry and her daughter, Eugenie, who are to appear in concert in this city on Thursday night, February 1, in Young Men's Christian association hall, under the auspices of the Ladies Auxiliary, and states that our music loving people will have a rich treat in listening to those two charming artists in vocal and instrumental music. You will do well, ladies and gentlemen, to secure your tickets as early as possible, as indications are that the hall will be crowded.

FRANK OSTENHEIMER,

An Escaped Infirmary Inmate, Is In the City Jail--Will Be Sent Home.

Frank Ostenheimer occupied a cell in the city jail last night. Ostenheimer escaped from the county infirmary several days ago and in some way wandered here. He is not altogether right in his upper story and tells a very muddled account of himself. He says he left the infirmary with a companion and had 93 cents in his possession when he left but the other man swiped it and shook him. The infirmary directors will be communicated with and Ostenheimer will be taken back home.

ASSESSMENT QUESTION

Council Wrestles With It Once More.

PENNSYLVANIA AVENUE PEOPLE

Want to Leave Their Property in Acreage and Pay for Improvements Along That Line—Council Objected and Will Have the Ground Plotted—Other Questions.

The question of assessments is once more bothering council, and the solicitor will have to unravel the matter.

At the meeting last night Clerk Hanley reported that he was having a great deal of trouble in regard to the assessments and the property owners wanted him to settle some questions before they paid for improvements, but some of them were too much for him. He called attention to one in particular, and that was in regard to the fact that property owners on the north side of Pennsylvania avenue want to settle on a basis of one-fourth of the valuation of the property as acreage. He said this wouldn't amount to very much.

Marshall said the law provided that council could plat the ground in the same size lots as others on the street, place a reasonable valuation on it, and then assess 25 per cent to pay for the improvements. The plan met with the approval of council and the engineer will plot the ground on the north and some on the south side of the street in order that the assessments may be made. He will also plot all unplotted ground in the city where improvements have been made and it is necessary to collect assessments.

Solicitor McGarry reported a number of cases where there was a question as to which street the lot to be assessed faced on, and that he had been working for three days to solve the problem, but hadn't succeeded in doing it. He will report at the next meeting of council.

The clerk was instructed to receive no assessments on the disputed territory until the questions were settled.

DECISION ASKED.

Vital Question Submitted at the Christian Church Meeting Last Night.

Notwithstanding the inclement weather quite a good audience was present at the evangelistic meeting at the Christian church last night. Deep interest is already manifested in these services and splendid results are expected before they close.

The pastor, Rev. Walter Mansell, in a forcible manner, spoke from the theme, "Who is on the Lord's Side?" He showed how necessary it was to decide whether for or against the Lord and made a strong appeal for an immediate decision in His behalf. The praise service was very interesting and profitable.

The theme of discourse tonight will be, "The Beginning and Mission of the Christian Church." A cordial welcome awaits everybody.

## MACRUM'S MISSION.

In view of the fact that Consul  
Charles E. Macrum is returning from  
Pretoria on a special mission from Presi-  
dent Kruger to President McKinley and  
the surprise expressed in some quarters  
at an American being chosen for such a  
mission, it may be interesting to know  
that Mr. Macrum's action is by no means  
unprecedented. Most students of Ameri-  
can diplomatic history will recall the  
name of Anson Burlingame. Burlin-  
game was appointed in 1861 by Presi-  
dent Lincoln minister to China, a posi-  
tion he held until 1867. When about to  
return here, Prince Kung, the regent of  
the empire, appointed him special  
ambassador to the United States and the  
leading powers of Europe. Accordingly,  
Mr. Burlingame returned in 1868, con-  
cluded a new treaty between the United  
States and China and then proceeded to  
England, France, Denmark, Sweden,  
Holland and Prussia, in all, except  
France, effecting important treaties. By  
these China for the first time secured  
the rights, duties and privileges of a  
nation under international law. Mr.  
Macrum is, therefore following in il-  
lustrious footsteps.

## CARNEGIE ORDINANCE.

A Special Meeting of Council  
Necessary to Pass the  
Ordinance.

The ordinance providing for \$3,000 to  
maintain the Carnegie library was not  
passed by council last night because  
there were only five members present—  
not enough to suspend the rules. The  
ordinance accepts the proposition of Mr.  
Carnegie, to furnish the site, and then  
says that council shall provide by taxa-  
tion a fund "not to exceed \$3,000" per  
year to maintain it. Marshall thought  
the "not to exceed" should be stricken  
out as council would not need to spend  
more than \$100 a year if they didn't want  
to, and he didn't think the ordinance  
would be satisfactory to Carnegie.

Peach said the ordinance should be  
passed as soon as possible, and a special  
meeting will be held today to pass the  
ordinance.

## THREE TRAINS DAILY.

A GOOD SERVICE FOR LIVERPOOL PEOPLE.

Agent Stewart Has His Office at the Mill--News of Chester and Grant District.

Superintendent Peck, of the Panhandle, states that the company would not run passenger trains through to Chester until the road bed was settled and in good condition. He said the road ought to be in first class shape by the time the spring schedule is issued, which is in May. He did not say, however, that they would wait that long. It has been decided to run three passenger trains to Chester daily.

In addition to the two trains that now run to Kenilworth, the train due in Cumberland at 9 o'clock in the morning, will go through to Chester, and will leave Chester a few minutes after 1 o'clock. The schedule time of the first run will be shortened so as to make the extra run through to Chester in about same time as now.

## THE AGENT THERE.

In the afternoon all the men except four seeing they were not going to win returned to work at the old price. This morning P. H. Craig, of Pittsburg, general manager of the company, went to Port Homer, when the troubles of the men were investigated. The Italian laborers refused to strike.

## THE FREE TELEPHONES

Council Only Located Five of Them.

### NONE IN THE SCHOOL HOUSES

As It Is Deemed Best Not to Mix the Systems—The Bell Company Will Be Asked to Care for Suburban Schools—There Are Still Seven 'Phones to Be Placed.

The locating of the 12 new 'phones given the city by the Independent Telephone company was the subject for some discussion at the meeting of council last night.

President Peach stated that he had conferred with several members of council and then had arranged the following list: Sheridan avenue, Trentvale street, Bradshaw avenue, Gardendale, Central and new East End school buildings, Central and East End free stations, public library and three instruments at city hall.

McHenry thought all the 'phones should not be placed at present and Marshall didn't want the system put in the school houses, but thought the buildings should all be connected with the Bell system and the committee who had the new Bell ordinance in charge would take care of the school houses. There was some discussion and it finally ended by 'phones being placed in the fire stations and at city hall, while the other recommendations were laid over.

### TWO DAMAGE BILLS.

The Solicitor Will Look Up One and the Other Was Rejected.

DeBee & Sons last evening presented council with a bill for \$50 for damages to their horse. The animal fell into a sewer on West Market street and they say the accident was due to the negligence of the city. The bill was referred to the solicitor and McHenry wanted to know what happened to the horse, and Peach said it was walking now.

Attorney G. Y. Travis, as administrator of the estate of J. M. Smith, asked for \$400, claimed as damages to property on Mulberry street, which he says was caused by the city changing the course of a run. The bill was rejected, and the statement made that it was no use bothering the solicitor with such claims.

### CALCUTTA ROAD.

The Mayor Will Notify Residents to Repair Their Sidewalks.

The mayor will notify Isaac and Maggie Burlingame to repair their sidewalk on Calcutta road. The question was discussed at council last night, but before the above action was taken the solicitor stated that it was the duty of the city to compel property owners to keep their sidewalks in repair.

#### Buyers Were Here.

There are several buyers in the city, and it is said that the orders they placed were larger than those of last spring. They were Charles Warner, of Detroit, Mich., and Mr. Merrill, of the firm of Ogden, Merrill & Greer, of St. Paul, Minn.

New potatoes, new onions, spinach, new pine apples.

### PETITIONS.

Councils Considered Three of Them at the Meeting Last Night.

Residents of East End last night asked council to place a fire plug at the corner of Pennsylvania and Maryland avenues, claiming that 14 dwellings in that part of the city are now without any fire protection. Fire committee will look after it.

All the abutting property owners asked that Kossuth street be paved from Walnut to Sugar street. The engineer will draw up a resolution so that work can be commenced early in the spring.

Clerk Hanley stated that the teamsters wanted council to make the railroad company fix the road at the freight depot. Marshall thought a few repairs should be made this winter and the company should pave the roadway in the spring. The clerk will notify the company.

These bonds are issued in anticipation of the collection of a special assessment for the improvement of the above-named streets, and may be reduced in amount by the payment of assessment before the date of issue. They will bear interest at the rate of six per cent per annum, payable annually; both principal and interest payable at the office of the City Treasurer.

Bidders will be required to state in writing and in figures the gross amount they will pay for the bonds bid for in addition to the accrued interest at the date of delivery, and no bid will be accepted for less than par and accrued interest at date of delivery.

Each proposal must be accompanied by a certified check on some national bank for two per cent of the amount of the bid, check to be made payable to the order of the Clerk of said city, as a guarantee that if the bid is accepted the bonds will be promptly paid for when delivered, otherwise said deposit to be forfeited to said city.

The City Council reserves the right to reject any or all bids.

## NEW SEBRING POTTERY

Oliver China Company's Plant  
to be Duplicated.

FLINT AND STAVE MILLS ALSO.

And Coopers Room to be Built—Meeting  
of the Company Decides on Three  
Important Extensions and Improve-  
ments—O. H. Sebring In Charge.

The Sebring News says: On last Thursday the Sebring Bros., held an important business meeting in Sebring at the office of the Sebring Land company. At this meeting plans were submitted and approved for the building of a large flint mill. The building will be built of brick, will be two stories high 80 feet long and 40 feet wide. It will be equipped with powerful machinery of the most approved designs, which will be driven by a 300 horse power engine. Mr. Green who had charge of the building of the pottery will superintend the erection of this mill. The contract has been let and work began upon this plant on Tuesday morning and will be pushed to completion as fast as the weather will permit.

The second decision was to erect the stave mill and cooperage room. This will be a brick building, 80 feet long and 60 feet wide, two stories high. The machinery for this has already been purchased as well as the materials for the walls.

The third and most important conclusion reached was that of building another mammoth pottery plant. In size it will be a duplicate of the one now running, being 446 feet long by 100 feet wide, with annexes thereto. One being 150x30 and the other 90x30 feet. This pottery will contain 6 large ware kilns and 4 decorating kilns. The structure will be of pressed brick, and finds its place just west of and a little south of the present one. It will give employment to 250 hands and with the one now running and the flint and stave mills, the aggregate of laborers employed will not fall below 600.

The Sebrings instructed Mr. O. H. Sebring, the superintendent of building and of the Oliver Ching Co., to at once purchase all material necessary for the building of all the above, and to have the pottery fully equipped and running, ready for the coming autumn trade. The mills and plants will be constructed in the order named and as speedily as possible.

## THEY MUST COME OFF

### Council Serves Notice on Street Railway

#### TO REMOVE THEIR TRACKS

From the River Road as They Have Become Tired of Having All the Road Taken Up With the Power House Tracks, something Must be Done.

Council at the meeting last night ordered the street railway company to get off the road at the power house, and there will now probably be some action taken toward improving the road at that place.

The question was brought up by Marshall who said: "I once more want to call the attention of council to the horrible condition of the river road at the power house. I know it has been up for discussion many times, but it is now in a dangerous condition, and the city should take some steps to see that the road is made at least passable. The street car company could very easily run their cars through the barn and get off the road at this point. They now occupy 33 feet of the road with the power house, and I think that is enough. I move they be instructed to move their tracks off the road."

The motion was seconded by McHenry, who said: "It is simply ridiculous that teamsters are compelled to drive over street car tracks and ties like they have to at the power house. The company occupy 33 feet of the road with the power house and take half of the remaining 27 feet with their tracks. Peach remarked that much the same condition existed at the Laughlin pottery, and he thought everybody should be looked after. Marshall got in the discussion again and said the people had stood the outrage for eight years and he thought it was time it should stop. The motion to make the company get off the road was put, and carried unanimously.

## THE LAST SAD RITES.

### Memorial Services Over the Remains of the Late Homer Gladden.

The memorial services at the Methodist Protestant parsonage, Sheridan avenue, last night, were profoundly impressive, tender and full of sympathy. There is little doubt that more people went away than were able to get into the house and a very large number remained outside to the end of the service and suffered the severity of the storm, which was raging. Outside the house every room was crowded and the beautiful casket was entirely covered with rare and fragrant flowers, the offering of the freshmen class of the high school of which deceased was a member.

Another beautiful floral offering was from the superintendent, faculty, seniors, juniors and sophomores of the high school. The King's Daughters of the Methodist Protestant church and Mrs. Johnson's Sunday-school class, of which he was a member, sent lovely designs, the latter being "The Broken Circle." There were, in addition to these, many individual offerings. Two

of the deceased's former Sabbath-school teachers were present from New Brighton and the entire Sunday-school class of young men from that town were present. There was a very large number of Rev. Gladden's former parishoners from New Brighton in attendance. The exercises began at 7:30 by a beautiful selection elegantly rendered by the Methodist Protestant choir, Miss Josie Burford presiding at the organ. Rev. O. F. Swift, of Beaver Falls, read appropriate Scripture selections and Mrs. Charles Risinger sang a lovely solo. Then Dr. Crawford prayed, and it seemed to uplift the vast assemblage. Dr. J. C. Taggart and Rev. Swift were the speakers. After this the mortal remains of the beloved young man were viewed by the sorrowing friends, an unusual feature being the lingering over the casket of so many of his young friends. They gathered in a circle about the remains and stayed for fully an hour and a half.

This morning at 5 o'clock the funeral party left on the eastbound train for Waynesburg, Pa., and after impressive services in the Methodist Protestant church of that town at high noon, where were gathered the relatives and friends of the "old home," he was at 1 o'clock this afternoon buried beside three brothers, gone before.

## JIM SHARP

### Is In the Clutches of the Law Once More--At His Old Tricks.

The irrepressible Jim Sharp is once more in the clutches of the law. He has been in the habit of raising a disturbance at the home at the lower end of Fourth, and the complaints became so numerous to the mayor that James had to be arrested. Of course Jim thinks he has been imposed upon, but he is known in police court and his hard luck stories don't go any more. Jim will either go to the works under the habitual criminal law or will be sent to the infirmary to spend the winter. He would be sent to the infirmary without a moment's hesitancy, only it is thought he is not worth the expense it would cost to send him there, and he would only come back here again when released.

## PRESIDENT PEACH

### Thinks the People Should Know That It Is the Fault of the Water Department.

President Peach asked Clerk Hanley last evening to explain to council how much money the city had expended in paying interest on water works bonds in the last two years. He said it was in the neighborhood of \$10,000 and he wanted to know how much longer it was going to continue. Marshall explained that it didn't make any difference what council thought about it that they had to pay the interest if the water department wanted them too. Peach said he thought that the tax payers should know that it was not the fault of the council that the interest fund was continually overdrawn.

#### A Successful Operation.

Word received today states that the operation performed on George Craven in a Pittsburg hospital yesterday was very successful and he will recover. There have been no arrests yet, and it is probable that it will be dropped if Craven recovers.

—M. A. Adams returned to the city from Salineville last night after spending several days with friends there.

## SPECIAL SESSION.

### Council Held One and Passed the Carnegie Ordinance This Afternoon.

Council met in special session this afternoon and passed the ordinance providing for \$3,000 per year to maintain the Carnegie library. The ordinance was changed to read that \$3,000 per year should be expended on the library. The ordinance giving the Sanitary Reduction company a franchise for 10 years was also passed.

## \$100,000 NOT IN SIGHT.

### Philadelphians Having Trouble in Keeping Pledge to Republican National Committee.

PHILADELPHIA, Jan. 26.—An important conference, bearing on the national convention, was held at the mayor's office between Mayor Ashbridge, Henry Bark, president of the Citizens' Convention association; W. S. P. Shields, chairman of the executive committee, and Richard G. Oellers, chairman of the finance committee.

Mr. Bark informed the mayor that the movement for raising the \$100,000, pledged the national Republican committee, was not meeting with the desired success and he urged the mayor to appoint a committee of citizens to take the matter in charge.

Mayor Ashbridge said he would consider the situation. It is believed the mayor will request a number of prominent citizens to confer with him on the subject in a few days.

## RUSKIN'S REMAINS INTERRED.

### Placed in a Tomb Near Those of the Three Miss SeEVERS.

LONDON, Jan. 26.—The remains of John Ruskin, which were removed from Brantwood, were interred at Coniston amidst universal signs of sadness and with a ceremonial typically rural. The coffin was hidden beneath a mass of blooms, including a floral tribute from the queen. The body was laid in a grave lined with white tiles and close, according to Mr. Ruskin's desire, to the last resting place of the three Miss SeEVERS, to whom he had addressed his famous Brantwood letters. All parts of the country were represented at the graveside.

A memorial service in honor of Mr. Ruskin in Westminster Abbey was largely attended.

## REV. SWIFT

Reverend Swift, former pastor of the Methodist Protestant church of East Liverpool, speaks in warm terms of praise of Madame Fry and her daughter, Eugenie, who are to appear in concert in this city on Thursday night, February 1, in Young Men's Christian association hall, under the auspices of the Ladies Auxiliary, and states that our music loving people will have a rich treat in listening to those two charming artists in vocal and instrumental music. ### An Escaped Infirmary Inmate, Is In the City Jail--Will Be Sent Home.

Frank Ostenheimer occupied a cell in the city jail last night. Ostenheimer escaped from the county infirmary several days ago and in some way wandered here. He is not altogether right in his upper story and tells a very muddled account of himself. He says he left the infirmary with a companion and had 93 cents in his possession when he left but the other man swiped it and shook him. The infirmary directors will be communicated with and Ostenheimer will be taken back home.

## THEY MUST COME OFF

### Council Serves Notice on Street Railway

#### TO REMOVE THEIR TRACKS

From the River Road as They Have Become Tired of Having All the Road Taken Up With the Power House Tracks, Something Must Be Done.

Council at the meeting last night ordered the street railway company to get off the road at the power house, and there will now probably be some action taken toward improving the road at that place.

The question was brought up by Marshall who said: "I once more want to call the attention of council to the horrible condition of the river road at the power house. I know it has been up for discussion many times, but it is now in a dangerous condition, and the city should take some steps to see that the road is made at least passable. The street car company could very easily run their cars through the barn and get off the road at this point. They now occupy 33 feet of the road with the power house, and I think that is enough. I move they be instructed to move their tracks off the road."

The motion was seconded by McHenry, who said: "It is simply ridiculous that teamsters are compelled to drive over street car tracks and ties like they have to at the power house. The company occupy 33 feet of the road with the power house and take half of the remaining 27 feet with their tracks. Peach remarked that much the same condition existed at the Laughlin pottery, and he thought everybody should be looked after. Marshall got in the discussion again and said the people had stood the outrage for eight years and he thought it was time it should stop. The motion to make the company get off the road was put, and carried unanimously.

## THE LAST SAD RITES.

### Memorial Services Over the Remains of the Late Homer Gladden.

The memorial services at the Methodist Protestant parsonage, Sheridan avenue, last night, were profoundly impressive, tender and full of sympathy. There is little doubt that more people went away than were able to get into the house and a very large number remained outside to the end of the service and suffered the severity of the storm, which was raging. Outside the house every room was crowded and the beautiful casket was entirely covered with rare and fragrant flowers, the offering of the freshmen class of the high school of which deceased was a member.

Another beautiful floral offering was from the superintendent, faculty, seniors, juniors and sophomores of the high school. The King's Daughters of the Methodist Protestant church and Mrs. Johnson's Sunday-school class, of which he was a member, sent lovely designs, the latter being "The Broken Circle." There were, in addition to these, many individual offerings. Two

of the deceased's former Sabbath-school teachers were present from New Brighton and the entire Sunday-school class of young men from that town were present. There was a very large number of Rev. Gladden's former parishoners from New Brighton in attendance. The exercises began at 7:30 by a beautiful selection elegantly rendered by the Methodist Protestant choir, Miss Josie Burford presiding at the organ. Rev. C. F. Swift, of Beaver Falls, read appropriate Scripture selections and Mrs. Charles Risinger sang a lovely solo. Then Dr. Crawford prayed, and it seemed to uplift the vast assemblage. Dr. J. C. Taggart and Rev. Swift were the speakers. After this the mortal remains of the beloved young man were viewed by the sorrowing friends, an unusual feature being the lingering over the casket of so many of his young friends. They gathered in a circle about the remains and stayed for fully an hour and a half.

This morning at 5 o'clock the funeral party left on the eastbound train for Waynesburg, Pa., and after impressive services in the Methodist Protestant church of that town at high noon, where were gathered the relatives and friends of the "old home," he was at 1 o'clock this afternoon buried beside three brothers, gone before.

## JIM SHARP

### Is In the Clutches of the Law Once More--At His Old Tricks.

The irrepressible Jim Sharp is once more in the clutches of the law. He has been in the habit of raising a disturbance at the home at the lower end of Fourth, and the complaints became so numerous to the mayor that James had to be arrested. Of course Jim thinks he has been imposed upon, but he is known in police court and his hard luck stories don't go any more. Jim will either go to the works under the habitual criminal law or will be sent to the infirmary to spend the winter. He would be sent to the infirmary without a moment's hesitancy, only it is thought he is not worth the expense it would cost to send him there, and he would only come back here again when released.

## PRESIDENT PEACH

### Thinks the People Should Know That It Is the Fault of the Water Department.

President Peach asked Clerk Hanley last evening to explain to council how much money the city had expended in paying interest on water works bonds in the last two years. He said it was in the neighborhood of \$10,000 and he wanted to know how much longer it was going to continue. Marshall explained that it didn't make any difference what council thought about it that they had to pay the interest if the water department wanted them too. Peach said he thought that the tax payers should know that it was not the fault of the council that the interest fund was continually overdrawn.

#### A Successful Operation.

Word received today states that the operation performed on George Craven in a Pittsburg hospital yesterday was very successful and he will recover. There have been no arrests yet, and it is probable that it will be dropped if Craven recovers.

—M. A. Adams returned to the city from Salineville last night after spending several days with friends there.

### Placed in a Tomb Near Those of the Three Miss Seavers.

LONDON, Jan. 26.—The remains of John Ruskin, which were removed from Brantwood, were interred at Coniston amidst universal signs of sadness and with a ceremonial typically rural. The coffin was hidden beneath a mass of blooms, including a floral tribute from the queen. The body was laid in a grave lined with white tiles and close, according to Mr. Ruskin's desire, to the last resting place of the three Miss Seavers, to whom he had addressed his famous Brantwood letters. All parts of the country were represented at the graveside.

A memorial service in honor of Mr. Ruskin in Westminster Abbey was largely attended.

## ASSESSMENT QUESTION

Council Wrestles With It Once More.

### PENNSYLVANIA AVENUE PEOPLE

Want to Leave Their Property in Acreage and Pay for Improvements Along That Line—Council Objected and Will Have the Ground Plotted—Other Questions.

The question of assessments is once more bothering council, and the solicitor will have to unravel the matter.

At the meeting last night Clerk Hanley reported that he was having a great deal of trouble in regard to the assessments and the property owners wanted him to settle some questions before they paid for improvements, but some of them were too much for him. He called attention to one in particular, and that was in regard to the fact that property owners on the north side of Pennsylvania avenue want to settle on a basis of one-fourth of the valuation of the property as acreage. He said this wouldn't amount to very much.

Marshall said the law provided that council could plat the ground in the same size lots as others on the street, place a reasonable valuation on it, and then assess 25 per cent to pay for the improvements. The plan met with the approval of council and the engineer will plot the ground on the north and some on the south side of the street in order that the assessments may be made. He will also plot all unplotted ground in the city where improvements have been made and it is necessary to collect assessments.

Solicitor McGarry reported a number of cases where there was a question as to which street the lot to be assessed faced on, and that he had been working for three days to solve the problem, but hadn't succeeded in doing it. He will report at the next meeting of council.

The clerk was instructed to receive no assessments on the disputed territory until the questions were settled.

### DECISION ASKED.

Vital Question Submitted at the Christian Church Meeting Last Night.

Notwithstanding the inclement weather quite a good audience was present at the evangelistic meeting at the Christian church last night. Deep interest is already manifested in these services and splendid results are expected before they close.

The pastor, Rev. Walter Mansell, in a forcible manner, spoke from the theme, "Who is on the Lord's Side?" He showed how necessary it was to decide whether for or against the Lord and made a strong appeal for an immediate decision in His behalf. The praise service was very interesting and profitable.

The theme of discourse tonight will be, "The Beginning and Mission of the Christian Church." A cordial welcome awaits everybody.

EAST LIVERPOOL, O. FRIDAY, JAN. 26.

FOR PRESIDENT--Second Term.  
WM. M'KINLEY,  
Of Ohio.

THAT war in Natal seems to be a per-  
petual surprise party.

THE city having put up its cash, it is  
now up to Carnegie's cashier.

ONLY 50 members of congress con-  
sidered themselves in Roberts' class.

THAT old gag about "beating the  
Dutch" has received a new significance  
of late.

follow the example of the oil fever and  
not stay over night.

### MACRUM'S MISSION.

In view of the fact that Consul  
Charles E. Macrum is returning from  
Pretoria on a special mission from Presi-  
dent Kruger to President McKinley and  
the surprise expressed in some quarters  
at an American being chosen for such a  
mission, it may be interesting to know  
that Mr. Macrum's action is by no means  
unprecedented. Most students of Ameri-  
can diplomatic history will recall the  
name of Anson Burlingame. Burlin-  
game was appointed in 1861 by Presi-  
dent Lincoln minister to China, a posi-  
tion he held until 1867. When about to  
return here, Prince Kung, the regent of  
the empire, appointed him special  
ambassador to the United States and the  
leading powers of Europe. Accordingly,  
Mr. Burlingame returned in 1868, con-  
cluded a new treaty between the United  
States and China and then proceeded to  
England, France, Denmark, Sweden,  
Holland and Prussia, in all, except  
France, effecting important treaties. By  
these China for the first time secured  
the rights, duties and privileges of a  
nation under international law. Mr.  
Macrum is, therefore following in il-  
lustrious footsteps.

### CARNEGIE ORDINANCE.

#### A Special Meeting of Council Necessary to Pass the Ordinance.

The ordinance providing for \$3,000 to  
maintain the Carnegie library was not  
passed by council last night because  
there were only five members present—  
not enough to suspend the rules. The  
ordinance accepts the proposition of Mr.  
Carnegie, to furnish the site, and then  
says that council shall provide by taxa-  
tion a fund "not to exceed \$3,000" per  
year to maintain it. Marshall thought  
the "not to exceed" should be stricken  
out as council would not need to spend  
more than \$100 a year if they didn't want  
to, and he didn't think the ordinance  
would be satisfactory to Carnegie.

Peach said the ordinance should be  
passed as soon as possible, and a special  
meeting will be held today to pass the  
ordinance.

### TO THE PUBLIC.

assigned to the position of Cir-  
culation Agent of the NEWS

## CARNEGIE ORDINANCE.

A Special Meeting of Council  
Necessary to Pass the  
Ordinance.

The ordinance providing for \$3,000 to  
maintain the Carnegie library was not  
passed by council last night because  
there were only five members present—  
not enough to suspend the rules. The  
ordinance accepts the proposition of Mr.  
Carnegie, to furnish the site, and then  
says that council shall provide by taxa-  
tion a fund "not to exceed \$3,000" per  
year to maintain it. Marshall thought  
the "not to exceed" should be stricken  
out as council would not need to spend  
more than \$100 a year if they didn't want  
to, and he didn't think the ordinance  
would be satisfactory to Carnegie.

Peach said the ordinance should be  
passed as soon as possible, and a special  
meeting will be held today to pass the  
ordinance.

## THREE TRAINS DAILY.

A GOOD SERVICE FOR LIVERPOOL PEOPLE.

Agent Stewart Has His Office at the Mill--News of Chester and Grant District.

Superintendent Peck, of the Panhandle, states that the company would not run passenger trains through to Chester until the road bed was settled and in good condition. It has been decided to run three passenger trains to Chester daily.

In addition to the two trains that now run to Kenilworth, the train due in Cumberland at 9 o'clock in the morning, will go through to Chester, and will leave Chester a few minutes after 1 o'clock. The schedule time of the first run will be shortened so as to make the extra run through to Chester in about same time as now.

## THE FREE TELEPHONES

Council Only Located Five of Them.

NONE IN THE SCHOOL HOUSES

As It Is Deemed Best Not to Mix the Systems—The Bell Company Will Be Asked to Care for Suburban Schools—There Are Still Seven 'Phones to Be Placed.

The locating of the 12 new 'phones given the city by the Independent Telephone company was the subject for some discussion at the meeting of council last night.

President Peach stated that he had conferred with several members of council and then had arranged the following list: Sheridan avenue, Trentvale street, Bradshaw avenue, Gardendale, Central and new East End school buildings, Central and East End free stations, public library and three instruments at city hall.

McHenry thought all the 'phones should not be placed at present and Marshall didn't want the system put in the school houses, but thought the buildings should all be connected with the Bell system and the committee who had the new Bell ordinance in charge would take care of the school houses. There was some discussion and it finally ended by 'phones being placed in the fire stations and at city hall, while the other recommendations were laid over.

### TWO DAMAGE BILLS.

The Solicitor Will Look Up One and the Other Was Rejected.

DeBee & Sons last evening presented council with a bill for \$50 for damages to their horse. The animal fell into a sewer on West Market street and they say the accident was due to the negligence of the city. The bill was referred to the solicitor and McHenry wanted to know what happened to the horse, and Peach said it was walking now.

Attorney G. Y. Travis, as administrator of the estate of J. M. Smith, asked for \$400, claimed as damages to property on Mulberry street, which he says was caused by the city changing the course of a run. The bill was rejected, and the statement made that it was no use bothering the solicitor with such claims.

### CALCUTTA ROAD.

The Mayor Will Notify Residents to Repair Their Sidewalks.

The mayor will notify Isaac and Maggie Burlingame to repair their sidewalk on Calcutta road. The question was discussed at council last night, but before the above action was taken the solicitor stated that it was the duty of the city to compel property owners to keep their sidewalks in repair.

Buyers Were Here.

There are several buyers in the city, and it is said that the orders they placed were larger than those of last spring. They were Charles Warner, of Detroit, Mich., and Mr. Merrill, of the firm of Ogden, Merrill & Greer, of St. Paul, Minn.

New potatoes, new onions, spinach, new pine apples.

### PETITIONS.

Councils Considered Three of Them at the Meeting Last Night.

Residents of East End last night asked council to place a fire plug at the corner of Pennsylvania and Maryland avenues, claiming that 14 dwellings in that part of the city are now without any fire protection. Fire committee will look after it.

All the abutting property owners asked that Kossuth street be paved from Walnut to Sugar street. The engineer will draw up a resolution so that work can be commenced early in the spring.

Clerk Hanley stated that the teamsters wanted council to make the railroad company fix the road at the freight depot. Marshall thought a few repairs should be made this winter and the company should pave the roadway in the spring. The clerk will notify the company.

## NEW SEBRING POTTERY

Oliver China Company's Plant  
to be Duplicated.

FLINT AND STAVE MILLS ALSO,

And Cooperage Room to be Built—Meeting  
of the Company Decides on Three  
Important Extensions and Improve-  
ments—O. H. Sebring In Charge.

The Sebring News says: On last Thursday the Sebring Bros., held an important business meeting in Sebring at the office of the Sebring Land company. At this meeting plans were submitted and approved for the building of a large flint mill. The building will be built of brick, will be two stories high 80 feet long and 40 feet wide. It will be equipped with powerful machinery of the most approved designs, which will be driven by a 300 horse power engine. Mr. Green who had charge of the building of the pottery will superintend the erection of this mill. The contract has been let and work began upon this plant on Tuesday morning and will be pushed to completion as fast as the weather will permit.

The second decision was to erect the stave mill and cooperage room. This will be a brick building, 80 feet long and 60 feet wide, two stories high. The machinery for this has already been purchased as well as the materials for the walls.

The third and most important conclusion reached was that of building another mammoth pottery plant. In size it will be a duplicate of the one now running, being 446 feet long by 100 feet wide, with annexes thereto. One being 150x30 and the other 90x30 feet. This pottery will contain 6 large ware kilns and 4 decorating kilns. The structure will be of pressed brick, and finds its place just west of and a little south of the present one. It will give employment to 250 hands and with the one now running and the flint and stave mills, the aggregate of laborers employed will not fall below 600.

The Sebrings instructed Mr. O. H. Sebring, the superintendent of building and of the Oliver China Co., to at once purchase all material necessary for the building of all the above, and to have the pottery fully equipped and running, ready for the coming autumn trade. The mills and plants will be constructed in the order named and as speedily as possible.

### THE PLUMBERS

Asked What Had Become of  
Their Request For an  
Inspector.

A committee from the plumbers' union was present at the meeting of council last night, and the chairman, James Darrah, wanted to know what had been done toward their request for a plumbing inspector. The question was discussed and the committee who have the matter in charge will report at the next regular meeting of council.

#### A Kick on Sidewalks.

There is an almost unanimous kick in regard to the sidewalks on West Market street, from the Horn switch to Sheridan avenue. Some action will be taken by council to have the sidewalks raised in the spring.

#### Surveyed the Site.

The site on which the garbage furnace will be erected was surveyed yesterday.

You buy direct from the manufacturer when you trade with us.

You thereby save the middle-man's profit.

During all our cut price sales we throw off our profits with two objects in view:

First, to realize cash.

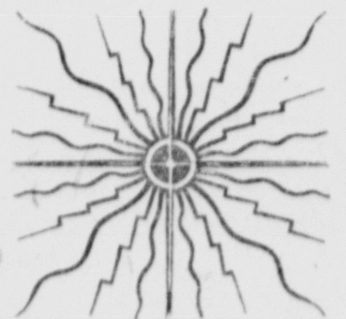

Second, to make room for our new goods coming in.

**WE** do not pretend to sell goods for less than cost like some merchants, but we are in a position to sell them for at least 25 per cent less than all others; and when we advertise cut sales they are always genuine, and we always have the goods we advertise, and sell them until they are all gone. Neither do we limit the amounts you buy. You may buy 1 or a dozen, or any dealer has the same privilege. We don't bar anyone. No bait to fool the public, and we offer all goods at low prices.
